Item No.	Placement	Weight	Height	Width	Depth
7160-0232	On any flat horizontal or vertical surface	2.5 lbs	3.28"	2.94"	9.68"

Gamber-Johnson eCoupled™ Charging Flashlight Mount Features

- Rugged Polycarbonate ABS molded charging mount featuring eCoupled™ inductive charging technology
- Designed to charge the Energizer® Hard Case® Professional® LED Swivel Light powered by eCoupled™ technology
- Charger eliminates the need for power cords and battery chargers
- Molded mount and spring brackets firmly hold the flashlight in the charging mount
- Molded charger mounts vertically and horizontally
- No metal charging contacts to corrode
- Wirelessly charges the flashlight when the engine is shut down
- Charging mount deactivates at 12.1 volts preventing battery drain
- Bi-color LED charge status indicator (red = error/ green = charged)
- 12 to 18 volt charging system designed for the rugged mobile environment
- Meets MIL-STD Integrity Testing
- Shock test to +40g and -40g
- Water resistant charger and light ensure reliability in the most rugged environment
- Can be located virtually anywhere within the vehicle
- Reduces the risk of electrical shock because there are no electrical outlets and no metal prongs between the charging surface and the eCoupled™ device
- Surge protection
- Matte black textured finish
- 1 year limited warranty by Gamber-Johnson
