About IMPACT Radio Accessories

Founded in 1999 as a North American distributor of other brands, IMPACT Radio Accessories has grown to become a world leader in the design and manufacture of unique communication products for public safety, military, security, retail and hospitality applications.

We took years of feedback and input from our customers and set out to design and build exactly what they asked for: OEM quality, reliable, super tough products at “aftermarket” prices.

The entire IMPACT™ product line shown in this guide has been designed by us, components and manufacturing methods specified by us, and the final product tested no less than seven times by our QC agents and then tested again before shipping to you, ensuring that everything works out of the box and keeps on working out in the field.

Our TWO YEAR “no hassle” WARRANTY means that, in the unlikely event that you do find a problem, we step up and fix it with no questions asked!

IMPACT™ now partners with the world’s largest and most profitable two way radio dealers, with distributors in most world regions. Some of the toughest public safety, security and military customers consider IMPACT™ their accessory line of choice. Why? Simply because at IMPACT™ we design and deliver top quality products for every application and budget and we help our dealer partners become more competitive and more profitable while still saving the end user more money!

For the most up to date pricing and product information, please visit our website www.impactcomms.com and request an account for full dealer access.

Thank you for your interest and support. We look forward to servicing your communication accessory needs for years to come.

Cheers,

Keith Kostek

AC/DC-6

Universal Rapid Six Bank Charger

CHARGER Series

Description:

Perfect for disaster relief, public safety, rental fleets and just about any radio user.

Charge six different batteries with or without radio attached. Space saving design with dual power source allows you to charge your radios anywhere. Now when the power goes out, take it out to the car and keep on charging!

Please reference the "Cup Chart" for supported radio models.

Specs:

- Anodized aluminum casing and side caps
- Dimensions: 17" x 5.5" x 3"
- Rapid AC/DC 6 bank charger
- Tri-chemistry, AC or DC (12V) input
- Smallest & Lightest - 4.5lbs
- 110/240V self switching for international use
- Sealed military grade interior power supply (not in-line)
- Huge range of adapter cups available
- Optional vehicle/wall mount brackets
- Optional 10ft hard wire vehicle cable available
- Two year warranty

AC/DC-3

Universal Rapid Three Bank Charger

CHARGER Series

Description:

New from IMPACT™

This incredibly small and lightweight charger is exactly half the size of our highly popular flagship AC/DC-6 six bank unit. Like all four IMPACT™ charger models, it utilizes our fully interchangeable adapter cup system.

Cups are available for almost all brand portables.

Please reference the "Cup Chart" for supported radio models.

Specs:

- Anodized aluminum casing and side caps
- Rapid AC/DC 3 bank charger
- Tri-chemistry, AC or DC input
- Smallest & Lightest - 2.5lbs
- 110/240V self switching for international use
- Sealed military grade interior power supply (not in-line)
- Huge range of adapter cups available
- Optional vehicle/wall mount brackets
- Optional 10ft hard wire vehicle cable available
- Two year warranty

DC-1

Universal Rapid Single Vehicle Charger

Description:

RAPID Universal tri-chemistry vehicle (DC) charger

Ideal solution for charging your portable on the go! Perfect for forestry, public safety, film production and disaster relief. Includes charger cup, cigarette lighter power cable and mounting bracket with radio restraint straps. Cups are available for almost all brand portables.

Please reference the "Cup Chart" for supported radio models.

Specs:

- Rapid Charger, Tri-Chemistry
- Super tough poly carbon casing with steel base plate
- LED charging/charged indicator
- 12V DC input with supplied cigarette lighter cable
- Supplied with steel mounting bracket and hardware
- Integrated Quick Snap™ restraint strap with thumb tab to keep radios secure
- Wide range of adapter cups available
- Optional 10ft hard wire kit available
- Two year warranty

AC-1

Universal Rapid Single Desktop Charger

Description:

Great cost saving alternative to OEM single units!

The AC-1 is a rapid rate, tri-chemistry single desk top unit fitted with a self switching (110/220V) wall cube power supply. The AC-1 utilizes the same interchangeable cup system as all IMPACT™ chargers.

Cups are available for almost all brand portables.

Please reference the "Cup Chart" for supported radio models.

Specs:

- Rapid Rate
- Tri-Chemistry
- Tough poly carbon casing
- LED charging/charged indicator
- 110/240V self switching power supply for international use
- Wide range of adapter cups available for most portable models
- Two year warranty

Platinum Series

When only the best will do

IMPACT™ Platinum Series provides the purchaser with a fully comprehensive and cost effective accessory solution. Now you don't have to spend a fortune to get reliable, super tough products that work out of the box and keep working out in the field!

Our Platinum Series Accessories are **professional grade** and specifically engineered for public safety, military, high security, and heavy use applications.

All IMPACT™ products are manufactured to exacting standards using only top grade components. Knowles™ brand microphones and transducers, rugged Kevlar™ reinforced cabling and heavy duty strain reliefs ensure top performance in the most demanding environments.

Already in use by hundreds of Public Safety officials world-wide, the IMPACT™ Platinum Series is your premium, OEM quality accessory line at "aftermarket" prices!

1 Wire Surveillance Kit

PLATINUM Series

P1W

Earpiece Options:

P1W-AT1

P1W-D1

Technical Specs:

Microphone:

Sensitivity: $-34\text{dB} \pm 2\text{dB}$
Impedance: $2.2\text{K}\Omega$
Frequency Range: 20-20KHz
Operating Voltage: 1.1-10v

Speaker:

Sensitivity: $110\text{dB} \pm 10\%$
Impedance: $13.3\Omega \pm 15\%$
Rated Power: 300mW
Max Power Input: 500mW
Frequency Range: F0-5KHz

Description:

The "professional grade" 1 wire kit is the ideal solution for the professional user who can't afford anything less than the best!

Used by thousands of law enforcement agents, security companies, casinos and retailers world wide!

Specs:

- Kevlar™ reinforced coil cable
- High quality Knowles™ brand mic
- Field replaceable transducers
- OEM compatible replacement parts at incredible prices
- Two year warranty

2 Wire Surveillance Kit

PLATINUM Series

P2W

Earpiece Options:

P2W-AT1

P2W-D1

Technical Specs:

Microphone:

Sensitivity: $-34\text{dB} \pm 2\text{dB}$
Impedance: $2.2\text{K}\Omega$
Frequency Range: 20-20KHz
Operating Voltage: 1.1-10v

Speaker:

Sensitivity: $110\text{dB} \pm 10\%$
Impedance: $13.3\Omega \pm 15\%$
Rated Power: 300mW
Max Power Input: 500mW
Frequency Range: F0-5KHz

Description:

Our "professional grade" two wire surveillance kit is the top seller within the series. Already in use by hundreds of regular, undercover, and bicycle law enforcement officers, casinos, rental companies and night clubs, this product is well proven in the field by heavy duty users. Compare against OEM and higher priced brands on price but also quality of audio output and clarity; IMPACT™ continually comes out on top!

Specs:

- Rugged Kevlar™ reinforced cable
- High quality Knowles™ brand mic
- Field replaceable transducers
- Heavy duty strain relief
- OEM compatible replacement parts at incredible prices
- Two year warranty

3 Wire Surveillance Kit

PLATINUM Series

P3W

Earpiece Options:

P3W-AT1

P3W-D1

Technical Specs:

Microphone:

Sensitivity: $-34\text{dB} \pm 2\text{dB}$
Impedance: $2.2\text{K}\Omega$
Frequency Range: 20-20KHz
Operating Voltage: 1.1-10v

Speaker:

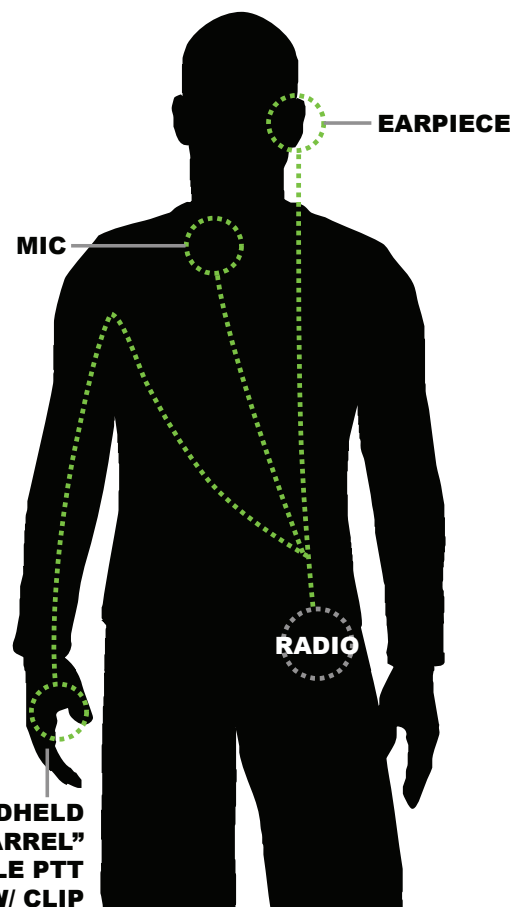

Sensitivity: $110\text{dB} \pm 10\%$
Impedance: $90\Omega \pm 10\%$
Rated Power: 500mW
Max Power Input: 800mW
Frequency Range: F0-5KHz

Description:

The IMPACT™ 3 wire surveillance kit is the ultimate covert solution for the professional user who simply can't afford to sacrifice reliability and performance. Already in use by hundreds of undercover law enforcement and security users world wide. Manufactured using the highest grade components available and tested no less than seven times prior to shipping, the IMPACT™ 3 wire is sure to work right out of the box and continue working out in the field!

Specs:

- Kevlar™ reinforced cable
- High quality Knowles™ brand mic
- Field replaceable transducers
- Silent barrel Push-to-Talk (PTT) with clip
- Two year warranty

HANDHELD
"BARREL"
STYLE PTT
W/ CLIP

P3W-3.5

Specs:

- Professional Grade
- Environmental PU cable with Kevlar™ reinforcement
- High quality Knowles™ brand mic
- "No click"™ barrel style PTT
- 3.5mm female receive only jack
- Two year warranty
- *Headset not included*

Technical Specs:

Microphone:

Sensitivity: -34dB \pm 2dB
Impedance: 2.2k Ω
Frequency Range: 20-20kHz
Operating Voltage: 1.1-10V

Speaker:

Sensitivity: 110dB \pm 10%
Impedance: 90 Ω \pm 10%
Rated Power: 500mW
Max Power Input: 800mW
Frequency Range: F0-5kHz

Description:

Hide in plain sight with our new Ghost™ 3 wire surveillance kit.

The bad guys will think you're just jamming to your tunes when really you're on the job and staying connected.

Simply plug in any standard 3.5mm iPod style headset to receive audio. The high quality sensitive mic with lapel pin can be concealed inside the collar.

Features a barrel style high impact "no click"™ PTT with clip for the ultimate covert application.

PLO

Earpiece Options:

PLO-AT1

PLO-D1

Technical Specs:

Speaker:

Sensitivity: 110dB \pm 10%

Impedance: 90 Ω \pm 10%

Rated Power: 500mW

Max Power Input: 800mW

Frequency Range: F0-5KHz

Description:

The professional grade 1 wire kit is the ideal solution for monitoring radio communications in a discreet way. The low profile cable plugs directly into the radio's accessory port and allows the user to operate the radio normally for transmission while all radio reception is heard through the covert acoustic tube or comfortable rubber adjustable D shaped ear hanger.

Specs:

- Kevlar™ reinforced coil cable
- Field replaceable transducers
- OEM compatible replacement parts at incredible prices
- Two year warranty

PRSM-HD1

Description:

Our new HD1 mic is light weight but built tough for heavy duty use. Designed specifically for security, construction and hospitality users, the HD1 incorporates all the features found in much higher priced mics and carries our full two year warranty. The ideal solution when looking for a compact but super reliable speaker mic at a great price.

Specs:

- Heavy Kevlar™ reinforced coil cable
- Splash proof
- High impact, rugged head design
- Top quality audio components
- 3.5mm accessory jack
- Shock, drop, dust and vibration tested
- Two year warranty

Technical Specs:

Microphone:

Sensitivity: $-40\text{dB} \pm 2\text{dB}$ @ 1000Hz (0dB = 1V/Pa)
Impedance: $2.2\text{k}\Omega$ @ 1kHz
Operating Voltage: 1.1-10VDC

Cable:

Description: 4.5mm coiled wire

Speaker:

Dimensions: 45mm x 9.4mm
Impedance: $8\Omega \pm 1.2$ @ 800Hz/1.0v
Rated Power: 500mW
Max Power: 1W
Sound Pressure Level: $88 \pm 3\text{dB}$
(2V, 0.5m Avg @ 1K, 1.2K, 15K, 2kHz)

PRSM-HD2-NC

Description:

The newest version IMPACT™ HD2 shoulder mic retains the popular look and feel of the original version but adds a background noise cancelling microphone as a standard feature.

Add a 3.5mm listen only wire for the ultimate accessory solution in high noise environments.

Specs:

- Heavy duty, impact resistant PVC casing
- Background noise cancelling mic
- Kevlar™ reinforced heavy gauge coil cable
- Standard 3.5mm listen only accessory jack
- Wind, water and impact resistant
- Two year warranty

Technical Specs:

Microphone:

Sensitivity: $-36\text{dB} \pm 2\text{dB}$ @ 1000Hz (0dB = 1V/Pa)

Impedance: $2.2\text{k}\Omega$ @ 1kHz

Operating Voltage: 3-10VDC

Speaker:

Dimensions: 45mm x 9.4mm

Impedance: $8\Omega \pm 10\%$ @ 1kHz

Rated Power: 500mW

Max Power: 1W

Sound Pressure Level: $120 \pm 3\text{dB}$ @ 1kHz

PRSM-HD3

Description:

The new IMPACT™ HD3 speaker mic is built super tough to withstand heavy use in demanding environments. Crystal clear audio, standard 3.5mm accessory jack. Dust, water, vibration and wind resistant.

The ultimate OEM alternative at great savings!

Specs:

- Professional grade
- Environmental PU cable with Kevlar™ reinforcement
- High quality components for superior audio
- Heavy duty strain relief
- Wind, water, impact & dust resistant
- 3.5mm accessory jack
- Two year warranty

Technical Specs:

Microphone:

Sensitivity: $-36\text{dB} \pm 3\text{dB}$ @ 1000Hz (0dB = 1V/Pa)

Impedance: $2.2\text{k}\Omega$ @ 1kHz

Operating Voltage: 1.1-10VDC

Speaker:

Dimensions: $\varnothing 45\text{mm}$

Impedance: $8\Omega \pm 15\%$ @ 1000Hz

Rated Input Power: 500mW

Max Power: 1W

Sound Pressure Level: $103 \pm 4\text{dB}$ at 1kHz

PRSM-HD4

Description:

Designed specifically for public safety, security and other demanding applications, the new HD4 is our toughest mic ever. Top of the line audio components encased in a super rugged polycarbonate casing ensure this speaker mic works right out of the box and keeps on working out in the field.

Comparable to much higher brand models, the IMPACT™ HD4 is the new choice for professional users.

Specs:

- Knowles™ brand microphone
- Heavy duty Kevlar™ reinforced coiled cable
- Super tough polycarbonate casing
- Impact, dust & water resistant
- Standard 3.5mm accessory jack
- Hi/Lo volume switch
- Rotational, replaceable clothing clip
- Submersible version available
- Two year warranty

Technical Specs:

Microphone:

Sensitivity: $-36\text{dB} \pm 2\text{dB}$ @ 1kHz (0dB = 1V/Pa)

Impedance: $2.2\text{k}\Omega$ @ 1kHz

Operating Voltage: 3-10VDC

Speaker:

Impedance: $8\Omega \pm 10\%$ @ 1kHz

Rated Input Power: 500mW

Max Power: 1W

Sound Pressure Level: $120 \pm 3\text{dB}$ @ 1kHz

PRSM-HD5

Description:

Our top of the line public safety grade speaker mic was designed to take the beating professionals can give! A high impact polycarbonate casing packed with all the features you could want and backed by our full two year warranty at huge savings over higher priced brands, the new HD5 is the right mic to get the job done.

Specs:

- Heavy duty Kevlar™ reinforced straight cable
- Integrated antenna for enhanced RF performance
(available on certain radio models only)
- Impact, dust & water resistant
- Recessed emergency button to avoid accidental activation
- Hi/Lo volume switch
- Rotational clothing clip
- 3.5mm accessory jack
- Submersible version available
- Two year warranty

Technical Specs:

Microphone:

Sensitivity: $-36\text{dB} \pm 3\text{dB}$ @ 1000Hz (0dB = 1V/Pa)
Impedance: $2.2\text{k}\Omega$ @ 1kHz
Operating Voltage: 1.1-10VDC

Speaker:

Dimensions: 45mm
Impedance: $8\Omega \pm 15\%$ @ 1000Hz
Rated Input Power: 500mW
Max Power: 1W
Sound Pressure Level: $103 \pm 4\text{dB}$ at 1kHz

PRSMA

Earpiece Options:

PRSMA-AT1

PRSMA-D1

Technical Specs:

Speaker:

Sensitivity: 110dB \pm 10%
Impedance: 90 Ω \pm 10%
Rated Power: 500mW
Max Power Input: 800mW
Frequency Range: F0-5KHz

Description:

"Professional Grade" listen only kit for use on your IMPACT™ or other brand speaker microphones. This surveillance kit is the ideal solution for the professional user who can't afford anything less than the best! Used by thousands of law enforcement agents, security companies, casinos and retailers world wide!

Specs:

- Two models available:
 - PRSMA Regular 18" (at rest) w/ coil
 - PRSMA-SH short 9" (at rest) w/ coil
- Kevlar™ reinforced coil cable
- L shape or straight jack 2.5mm or 3.5mm available
- OEM compatible replacement parts at incredible prices
- Two year warranty

PBH-1

Behind-the-head lightweight headset with single muff ear piece. Classic lightweight yet rugged design.

Specs:

- Lightweight, comfortable headband
- Kevlar™ coil cable
- In-line Push-to-Talk (PTT) with swivel clip
- Adjustable goose neck boom mic with foam wind sock
- Can be worn with hats & helmets

Technical Specs:

Microphone:

Sensitivity: -34dB ± 2dB
Impedance: 2.2KΩ
Frequency Range: 20-20KHz
Operating Voltage: 1.1-10v

Speaker:

Sensitivity: 115dB ± 10%
Impedance: 32Ω ± 15%
Rated Power: 300mW
Max Power Input: 500mW
Frequency Range: F0-4KHz

POH-2

Over-the-head lightweight headset with in-line Push-to-Talk (PTT), single muff ear piece & gooseneck adjustable boom mic. OEM style adjustable metal headband for added durability and Kevlar™ reinforced heavy duty coil cable.

Specs:

- Lightweight adjustable headband
- Comfortable ear pad
- Kevlar™ coil cable
- In-line Push-to-Talk (PTT) with swivel clip
- Boom mic with foam wind sock

Technical Specs:

Microphone:

Sensitivity: -38dB ± 2dB
Impedance: 2.2KΩ
Frequency Range: 50-16KHz
Operating Voltage: 1.0-10v

Speaker:

Sensitivity: 115dB ± 10%
Impedance: 150Ω ± 15%
Rated Power: 500mW
Max Power Input: 800mW
Frequency Range: F0-4KHz

PDM-1-NC

Specs:

- Dynamic noise cancelling mic
- Behind the head design compatible with most helmets
- Heavy duty adjustable gooseneck noise cancelling boom mic with wind cover
- Oversized PTT with clothing clip
- Kevlar™ reinforced heavy duty coil cable

Behind the head double muff heavy duty headset. The ultimate solution for high noise environments! Superior clarity and rugged design.

PTM-1

Heavy Duty Throat Mic with oversized Push-to-Talk (PTT), fully submersible chemical resistant construction, high quality components, and multi-adjustable throat band. Includes remote finger PTT.

Technical Specs:

Microphone:

Type: Dynamic Microphone
Sensitivity: 97dB \pm 3dB
Impedance: 250 Ω \pm 50 Ω

Speaker:

Sensitivity: 97dB \pm 3dB
Impedance: 250 Ω \pm 50 Ω
Dimensions: 16.2mm x 10.6mm

Cable:

Plug cable: 4.5mm coiled cable wrapped with Kevlar™
Earphone Cable: 3mm straight wrapped with Kevlar™

PTT:

Dimensions: 51mm x 32mm

GTM-1

Medium duty throat mic with Kevlar™ cabling, in-line PTT with optional finger PTT jack, crystal clear audio tx/rx, multi-adjustable elastic throat band and 7 interchangeable ear options. Optional remote finger PTT available.

PBM-1

Single wire surveillance kit with in-line Push-to-Talk (PTT) and 2.5mm accessory jack, plus bone induction ear piece. Remote finger PTT option available.

Technical Specs:

Microphone:

Type: Piezoelectric Accelerometer Mic
Sensitivity: -31dB \pm 5dB @ 1000Hz
Impedance: 2.2K Ω
Operating Voltage: 2.5-10V

Cable:

Plug cable: 3.2mm coiled
Earphone Cable: 2.3mm coiled wrapped with Kevlar

PTT:

Dimensions: 44.1mm x 26.3mm x 11.5mm

Speaker:

Sensitivity: 108dB \pm 3dB @ 1000Hz
Impedance: 32 Ω \pm 15% @ 1000Hz
Rated Power: 50mW
Max Power Input: 0.1W
Dimensions: 13mm x 2.8mm

FPTT-1

Kevlar™ reinforced remote finger PTT with 2.5mm jack for use on PBM-1 and GTM-1

Our Noise Cancelling Series looks identical to most normal platinum products but are fitted with a background noise cancelling microphone which drastically reduces all background noise while maintaining crystal clear transmission.

Kevlar™ reinforced cabling, top grade Knowles™ brand components, "OEM style" quick disconnect acoustic tubes and field replaceable transducers.

P2W-AT1-NC

Available in 1, 2 & 3 wire kits with QD acoustic tube or adjustable D-shape ear options.

- Knowles™ brand background noise cancelling mic
- Kevlar™ reinforced cabling
- OEM compatible QD surgical grade acoustic tube

PDM-1-NC

Behind the head double muff heavy duty headset. The ultimate solution for high noise environments. Superior clarity and rugged design.

- Behind the head design compatible with most helmets
- Heavy duty adjustable gooseneck noise cancelling boom mic with wind cover
- Oversized PTT with clothing clip
- Kevlar™ reinforced heavy duty coil cable

POH-2-NC

Over-the-head lightweight headset with inline Push-to-Talk (PTT), single muff ear piece & gooseneck adjustable noise cancelling boom mic. OEM style adjustable metal headband for added durability and Kevlar™ reinforced heavy duty coil cable.

PRSM-HD2-NC

The newest version IMPACT™ HD2 shoulder mic retains the popular look and feel of the original version but adds a background noise cancelling microphone as a standard feature.

- Heavy duty, impact resistant PVC casing
- Background noise cancelling mic
- Kevlar™ reinforced heavy gauge coil cable
- Standard 3.5mm listen only accessory jack
- Wind, water and impact resistant

IMPACT™ Introduces the 6 pin Hirose™ style in-line quick disconnect series. Available on all Platinum Series products, the QD feature allows the user to quickly and easily attach and detach the accessory from the radio without detaching the UDC/Connector from the radio.

This feature is particularly attractive when using multi-pin accessory connectors which are screwed down to the radio or when using retention brackets on single and dual pin jacks.

Adapters are available for most radio makes and models. For a full list of available adapters please visit www.impactcomms.com

Motorola

M5-AD-M7

Converts a 6-pin QD connector (M7) for use on Motorola M5 radio models

MOTOROLA: GP900, GP9000, HT1000, JT1000, MT2000, MTS2000, MTX8000, MTX838, MTX900, MTX9000, MTX960, MTX-LS, XTS2500, XTS3000Astro, XTS3500, XTS5000, XTS3000

EF JOHNSON: 51SL, 5000 series, 5100 series, 7700 series, ASCEND

M5-AD-M6

Converts a Single pin, 3.5mm threaded connector (M6) for use on Motorola M5 radio models

MOTOROLA: GP900, GP9000, HT1000, JT1000, MT2000, MTS2000, MTX8000, MTX838, MTX900, MTX9000, MTX960, MTX-LS, XTS2500, XTS3000Astro, XTS3500, XTS5000, XTS3000

EF JOHNSON: 51SL, 5000 series, 5100 series, 7700 series, ASCEND

M2-AD-M7

Converts a 6-pin QD connector (M7) for use on Motorola M2 radio models

MOTOROLA: GP1280, GP140, GP320, GP328, GP329, GP338, GP339, GP340, GP360, GP380, GP640, GP650, GP680, HT1250, HT1250LS, HT1550, HT1550XLS, HT750, MTX8250, MTX8250LS, MTX850, MTX850LS, MTX9250, MTX950, PRO5150, PRO5350, PRO5450, PRO5550, PRO5750, PRO7150, PRO7350, PRO7450, PRO7550, PRO9150, PTX700, PTX760, PTX780

M2-AD-M6

Converts a single pin, 3.5mm threaded connector (M6) for use on Motorola M2 radio models

MOTOROLA: GP1280, GP140, GP320, GP328, GP329, GP338, GP339, GP340, GP360, GP380, GP640, GP650, GP680, HT1250, HT1250LS, HT1550, HT1550XLS, HT750, MTX8250, MTX8250LS, MTX850, MTX850LS, MTX9250, MTX950, PRO5150, PRO5350, PRO5450, PRO5550, PRO5750, PRO7150, PRO7350, PRO7450, PRO7550, PRO9150, PTX700, PTX760, PTX780

M2-AD-M1

Converts a two-pin Motorola connector (M1) for use on Motorola M2 radio models

MOTOROLA: GP1280, GP140, GP320, GP328, GP329, GP338, GP339, GP340, GP360, GP380, GP640, GP650, GP680, HT1250, HT1250LS, HT1550, HT1550XLS, HT750, MTX8250, MTX8250LS, MTX850, MTX850LS, MTX9250, MTX950, PRO5150, PRO5350, PRO5450, PRO5550, PRO5750, PRO7150, PRO7350, PRO7450, PRO7550, PRO9150, PTX700, PTX760, PTX780

M3-ADP-M7

Converts a 6-pin QD connector (M7) for use on Motorola M3 radio models

MOTOROLA: EX500, EX600, GL2000, GP328Plus, GP338Plus, GP344, GP388, PRO5150elite

RELM: RPV3000, RPV3600, RPU3000, RPU3600, RPU4200

M3-AD-M1

Converts a two-pin Motorola connector (M1) for use on Motorola M3 radio models

MOTOROLA: EX500, EX600, GL2000, GP328Plus, GP338Plus, GP344, GP388, PRO5150elite

RELM: RPV3000, RPV3600, RPU3000, RPU3600, RPU4200

M11-AD-M6

Converts a Motorola TRBO adapter to 3.5mm threaded connector (M6)

MOTOROLA: TRBO, XPR6300, XPR6350, XPR6500, XPR6550

M11-AD-M7

Converts a Motorola TRBO adapter to 6-pin QD connector

MOTOROLA: TRBO, XPR6300, XPR6350, XPR6500, XPR6550

M/A Com

MC1-AD-M7

Converts a M/A-Com LPE200/Prism adapter to 6-pin QD connector

MC3-AD-M7

Converts a M/A-Com 700P/P5100/P7100 adapter to 6-pin QD connector

Kenwood

K2-AD-M7

Converts a 6-pin QD connector (M7) for use on Kenwood K2 radio models

K1-ADP-M7

Converts a 6-pin QD connector (M7) for use on Kenwood K1 radio models

KENWOOD: TK2140, TK3140, TK3180, TK280, TK380, TK480, TK481, TK190, TK290, TK390, TK2180, TK3180, TK3212, TK2212, TK5210, TK190, TK5400

Icom

I5-ADP-M7

Converts a 6-pin QD connector (M7) for use on Icom I5 radio models

ICOM: F50, F60, F70, F80, F-4061, 3061 and series, IC-M88 (Marine Radio)

Vertex/Standard

VY1-ADP-M7

Converts a 6-pin QD connector (M7) for use on Vertex VY1 (single mounting screw) radio models

VERTEX: VX130, VX160, VX180, VX210, VX210A, VX400, VX410, VX420, VX350, VX354

VY1A-ADP-M7

Converts a 6-pin QD connector (M7) for use on Vertex VY1A (2 mounting screws) radio models

VERTEX: VX130, VX160, VX180, VX210, VX210A, VX400, VX410, VX420, VX350, VX354

VY1A-AD-M7

Converts a Vertex VX160/210 adapter to 6-pin QD connector

VERTEX: VX130, VX160, VX180, VX210, VX210A, VX400, VX410, VX420, VX350, VX354

VY2-ADP-M7

Converts a 6-pin QD connector (M7) for use on Vertex VY2 radio models

VERTEX: MH-360M, MH-450M, MH-50A7A, VH-110, VH115M, VH-120, VH-130, VH-215M, VH-225M, VX600, VX800, VX900

VY3-AD-M7

Converts a 6-pin QD connector (M7) for use on Vertex VY3 radio models

VERTEX: VX820, VX920, VX821, VX921

One of the most incredible innovations in portable accessories in ages! Now many of our top selling Platinum Series products are available with a remote, waterproof (submersible) wireless PTT, roughly the size of a quarter.

The PTT features a rubber coated button and Velcro strap that can be used to secure the PTT to the finger, clothing, handlebars, rifle barrel or any other convenient location. The lack of wire makes this PTT easy to conceal and mount (even when wearing short sleeves). The receiving in-line PTT acts as a backup double PTT unit.

The wireless PTT is set to a unique frequency, like your car remote, to avoid any interference with other units in the area. A reliable, long lasting battery is included and can be replaced when required. Does not require recharging!

Available for most portable models with power output from the accessory jack.

P3W-AT1-WPTT

Description:

Taking covert surveillance to a whole new level. IMPACT™'s new three wire surveillance kit without three wires.

The included mini wireless PTT is waterproof, about the size of a quarter and includes a Velcro strap to secure it to your finger, steering wheel or handle bars.

Now use a three wire even while wearing short sleeves. The micro, ultra-sensitive electret condenser mic with lapel pin can be hidden inside the collar. The surgical grade quick disconnect clear or black acoustic tube combines to offer the ultimate in covert communications.

Check out our Ghost™ version with plug-in iPod headset for "hide in plain sight" surveillance.

Specs:

- Professional grade
- Environmental PU cable with Kevlar™ reinforcement
- Surgical grade quick disconnect acoustic tube
- Field replaceable high-grade transducers
- Knowles™ brand high sensitivity mic
- Two year warranty
(not including PTT battery)
- Replacement parts available

Technical Specs:

Microphone:

Sensitivity: $-40 \pm 3\text{dB}$

Impedance: $2.2\text{k}\Omega$

Operating Voltage: $1.1\text{-}10\text{v}$

Speaker:

Dimensions: $16.2 \times 10.6\text{mm}$

Sensitivity: $104 \pm 3\text{dB}$

Impedance: $250 \pm 50\Omega$

Wireless PTT Transmitting:

Dimensions: $32 \times 25 \times 15\text{mm}$

PTT Life: 100,000 times

Storage Temp: $-20 - 70^\circ\text{C}$

P3W-3.5-WPTT

Specs:

- Professional grade
- Environmental PU cable with Kevlar™ reinforcement
- 3.5mm female receive only jack
- Compatible with any 3.5mm stereo headset
- Knowles™ brand high sensitivity mic
- Two year warranty (not including PTT battery)

Technical Specs:

Microphone:

Sensitivity: $-40 \pm 3\text{dB}$

Impedance: $2.2\text{k}\Omega$

Operating Voltage: $1.1\text{-}10\text{V}$

Speaker:

Dimensions: $16.2 \times 10.6\text{mm}$

Sensitivity: $104 \pm 3\text{dB}$

Impedance: $250 \pm 50\Omega$

Wireless PTT Transmitting:

Dimensions: $32 \times 25 \times 15\text{mm}$

PTT Life: 100,000 times

Storage Temp: $-20 - 70^\circ\text{C}$

Description:

Hide in plain sight with IMPACT™'s new three wire GHOST II™ kit, with only two wires.

The included mini wireless PTT is waterproof, about the size of a quarter and includes a Velcro strap to secure it to your finger, clothing, steering wheel or handle bars.

Now use a three wire, even while wearing short sleeves. The micro, ultra-sensitive electret condenser mic with lapel pin can be hidden inside a collar.

Includes a 3.5mm female connection so the user can insert their own stereo headset. The bad guys think you're just another dude listening to his tunes, when really, you're on the job.

PRSM-HD1-WPTT

Description:

Our highly popular HD1 mic is now available with optional wireless remote PTT. A fantastic solution for "hands free" operation. Ideal for crane operators, bike or beat police, security and any application where you can't take your hands off the job. Simply strap the battery operated wireless PTT to your finger, steering wheel, gear shift or handle bars, or use the regular PTT on the speaker mic. The wireless PTT operates like your car remote, with no interference from other users.

Specs:

- Professional grade
- Environmental PU cable with Kevlar™ reinforcement
- Knowles™ brand high sensitivity mic
- Heavy duty strain relief
- 3.5mm accessory jack
- Wind, dust and water resistant
- Waterproof remote wireless PTT
- Two year warranty (not including PTT battery)

Technical Specs:

Microphone:

Sensitivity: $-40\text{dB} \pm 2\text{dB}$ @ 1000Hz (0dB = 1V/Pa)
Impedance: $2.2\text{k}\Omega$ @ 1kHz
Operating Voltage: 1.1-10VDC

Cable:

Description: 4.5mm coiled wire

Speaker:

Dimensions: 45mm x 9.4mm
Impedance: $8\Omega \pm 1.2$ @ 800Hz/1.0v
Rated Power: 500mW
Max Power: 1W
Sound Pressure Level: $88 \pm 3\text{dB}$
(2V, 0.5m Avg @ 1K, 1.2K, 15.K, 2kHz)

PBH-2-WPTT

Description:

The ultimate police bicycle/motorcycle and tactical headset! The included mini wireless PTT is waterproof, about the size of a quarter and includes a Velcro strap to secure it to your finger, handle bars or rifle stock.

This versatile solution also allows you to use the large in-line PTT. Strap the remote PTT to your handle bars and still have a working PTT when chasing the bad guy on foot.

The fully adjustable behind the head design is low profile, lightweight and features a gooseneck style adjustable boom microphone, foam padded ear hook and single ear speaker.

Specs:

- Professional grade
- Environmental PU cable with Kevlar™ reinforcement
- Waterproof remote wireless PTT
- Two year warranty (not including PTT battery)

Technical Specs:

Microphone:

Sensitivity: $-48\text{dB} \pm 3\text{dB}$ @ 1000Hz (0dB = 1V/Pa)
Impedance: $2.2\text{k}\Omega$ @ 1kHz
Operating Voltage: 1.1-10VDC

Speaker:

Dimensions: $\varnothing 15\text{mm}$
Impedance: $32\Omega \pm 15\%$ @ 1kHz
Rated Power: 100mW
Max Power: 200mW
Sound Pressure Level: $105 \pm 4\text{dB}$ @ 1kHz

Wireless PTT Transmitting:

Dimensions: 32 x 25 x 15mm
PTT Life: 100,000 times
Storage Temp: $-20 - 70^{\circ}\text{C}$

WPTT-AD-M7

Description:

Now you can add the wireless PTT feature to any IMPACT™ product with an M7 6-pin connector on it.

Simply order the connector type you need for your radio, then choose any IMPACT™ product with an M7 jack, plug it in and you've gone wireless!

The included mini wireless PTT is waterproof, and includes a Velcro strap to secure it to your finger, handle bars or rifle stock.

This versatile solution also allows you to use the large in-line PTT as well as the wireless unit on most portables for the ultimate in wireless freedom.

Specs:

- Professional grade
- Environmental PU cable with Kevlar™ reinforcement
- Heavy duty strain relief
- Waterproof remote wireless PTT
- Long lasting battery included
- Two year warranty
(not including PTT battery)

PBTHS-1

Finally a high quality wireless Bluetooth® surveillance headset that really works! The IMPACT™ PBTHS-1 was designed to be used in a wide variety of applications and environments from high security to retail and hospitality.

Available in 7 different interchangeable ear options, the IMPACT™ Bluetooth® headset can be tailored to the exact needs of the user.

Advanced, state of the art technology ensures minimum talk delay, crystal clear audio and enhanced talk time, all issues that plague most other brand wireless headsets.

Specs:

- Incorporates the latest Bluetooth® technology
- Virtually no talk delay
- Superior reliability
- 7 interchangeable ear options
No "Star Trek" ear piece!
- Dual PTT (Dongle & Mic)
- Volume Control
- 10hr talk time on full charge
- Available for most brand/model portables
- One year warranty

Technical Specs:

Microphone:

Sensitivity: -40dB \pm 3dB @ 1000Hz (0dB = 1V/Pa)

Impedance: 2.2k Ω

Operating Voltage: 1.0-10VDC

Bluetooth:

Compliance: Bluetooth V1.2, Class 2 (1mW)

Talk Time: 10 hrs

Range: 10m

Dongle Dimensions: 66 x 35 x 16mm

PTT Dimensions: 60 x 20 x 14mm

Battery Dongle: 400mAh

Battery Headset: 300mAh

Earpiece Options:

AT2

High grade quick disconnect acoustic tube, field repairable transducer and clothing clip

AT4

High output "tubular" style transducer w/ clear acoustic tube / ear bud

D1

Adjustable rubber D shaped ear hanger

D2

Flexible rubber fixed D shaped ear hanger

EH1

Rubber ear hook/ear bud

EB1

"Walkman" style ear bud

MLS1

Mini lapel speaker with clip

PTM-3

The tactical “click” feedback and textured rubber covering ensure positive engagement even while wearing wet or heavy work gloves.

A Nexus female jack receives one of two current IMPACT™ headsets as well as future planned products like heavy duty double muff headsets and speaker mics.

OEM quality, professional/public safety grade products at a fraction of what you’re used to paying!

The IMPACT Pro-PTT™ series enables the user to utilize various different style headset options that each interface with the same PTT junction connected directly to the radio.

The PTT is an oversized, heavy duty, IP57 rated, impact resistant, rubberized unit with large heavy duty swivel clip.

PTHS-1

PTM-3

The ultimate solution in high noise environments, when wearing tactical helmets or using Hazmat, SCBA or other breathing apparatus. The IMPACT™ heavy duty throat mic incorporates dual mics to effectively transmit high quality audio without a traditional microphone. A fully adjustable neck strap with quick release magnetic clip for enhanced comfort, coupled with a surgical grade acoustic tube for crystal clear receive audio, makes our Platinum Series PTM-3 the top choice for professional users.

Specs:

- Kevlar™ reinforced heavy gauge cable
- Dual throat mics for enhanced transmission
- Crystal clear transmission and reception
- Adjustable quick release neck band
- Surgical grade acoustic tube
- Two year warranty

Technical Specs:

Microphone:

Sensitivity: 97dB ± 3dB @ 1000Hz (0dB = 1V/Pa)
Impedance: 250 ± 50Ω

Speaker:

Dimension: Ø (16.2±0.2mm) x (10.6±0.2mm)
Impedance: 250 ± 50Ω
Sound Pressure Level: 97 ± 3dB @ 1000Hz

PTT:

Dimension: Ø 80mm x 37mm
Waterproof Rating: IP57

PTHS-1

IMPACT™'s new temple transducer headset meets or exceeds the specifications and performance of similar products on the market at much higher prices. Built for extreme environments, our PTHS-1 is the perfect solution for users that must have their ears open to all ambient sounds, such as crowd control officers, SWAT and military users. The dual temple transducers transmit receive audio directly into the ear canal through the temples leaving the ears completely unblocked, while the background noise cancelling boom mic picks up transmission audio while blocking out high noise.

Specs:

- Kevlar™ reinforced cable
- Dual Bone Conducting Transducers
- Shock, Dust and Water resistant.
(IP57 version available on special order)
- Behind the head style with fully adjustable Velcro headband straps
(Can be worn with helmets)
- Very rugged design for use in demanding environments
- Wireless PTT version available
- Two year warranty

Technical Specs:

Microphone:

Sensitivity: -49dB ± 3dB @ 1000Hz (0dB = 1V/Pa)
Impedance: 2.2kΩ

Bone Conduction Speaker:

Impedance: DC: 8.5 ± 1Ω AC: 38 ± 5Ω
Sensitivity: 125 ± 4dB (0dB = 1MV/1μN)
Rated Input Power: 0.5W
Maximum Power: 1.0W

PTT:

Dimension: Ø 80mm x 37mm
Waterproof Rating: IP57

Gold Series

Killer quality that won't break the bank

*Wire shown suspended on
5lb weight.*

Definitely not a weak point!

IMPACT™ GOLD SERIES accessories are designed for the budget conscious user who refuses to sacrifice quality.

All wire kits feature our 7 available Snaptight™ interchangeable ear options for the ultimate in versatile, hygienic and cost effective accessory solutions. Choose your wire type, then choose the best ear option for your application.

Now issue the user his or her own ear option of choice and keep the wires connected to the radio to save cost on replacement wires, extend the life of the radio accessory jack and offer the user a more personal accessory option.

Built to the same high standards as our Platinum Series, the IMPACT™ GOLD SERIES is the perfect solution for hospitality, retail, light security and sporting applications.

Silver Series

Designed with budget in mind

S1W-AT3

In response to requests for a quality yet “disposable” product option, IMPACT™ now offers our new cost effective Silver Series ear pieces.

Designed specifically with budget in mind, the Silver Series is intentionally less robust than our Gold and Platinum products yet still offers fantastic audio quality with reliable components and is the ideal accessory solution when cost is definitely the main issue!

Most suited to hospitality, light sporting and recreational use, the Silver Series carries a 90 day limited warranty.

Minimum quantity of 5 pieces per order is required.
