## Dell E6400/E6400 ATG Docking Cradle (for use with Dell E-Port or E-Port Plus Port Replicator)

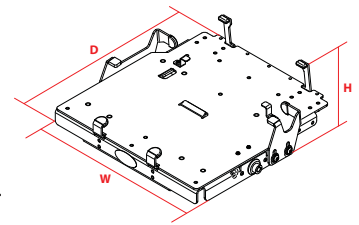

Description	Weight	Height	Width	Depth
Cradle wraps around the Dell E-Port or E-Port Plus Port Replicator to form a Docking Cradle for the Dell E6400/E6400 ATG computers	6.5 lbs	3.9"	14.1"	13.8"

### Features

- The *Dell E6400/E6400 ATG Docking Cradle* must attach to the E-Port or E-Port Plus Port Replicator (sold separately). The E-Port or E-Port Plus Port Replicator can be purchased through any authorized Dell Reseller.
- Push button barrel lock, deters laptop theft and allows for easy computer placement and removal
- Rugged side, front and rear hold-down brackets secure computer and port replicator in cradle keeping equipment and mobile workers safe
- Side brackets are easily adjustable to fit the height the computer and won't block critical ports or the CD/DVD bay
- Rear port replicator brackets can be adjusted to accommodate the E-Port or E-Port Plus Port Replicator and allow access to all ports on the port replicator
- Vibration tested to MIL-STD-810G and shock tested to 40G, 11 millisecond (non-operational)
- The optional *Shock/Vibration Isolator Plate* (Item No. 7110-0719) is highly recommend for non-rugged laptop computers
- 3 year limited warranty (on all sheet metal components)
- Aluminum structure for reduced overall weight
- Rugged construction for long term durability
- Black powdercoat finish for maximum corrosion resistance

**Note:** - This docking cradle is not compatible with the Dell E6400 XFR fully ruggedized computer.  
- The Dell port replicator used in the Dell E-Series Docking Cradle is not warranted by Gamber-Johnson.

Item No. **7160-0201**
