

MOTOROLA ORIGINAL™

# ACCESSORIES

CATALOG 2005

QUALITY • COMPATIBILITY • CONFIDENCE

# WHY?

***Because a copy is never as good as the Original™***

**Quality, Compatibility & Confidence** – these are the hallmarks of our products.

Motorola Original™ Accessories are **specifically designed for Motorola phones**.

Our **legendary quality is built right in**. We carefully select the appropriate materials

to help **ensure the safety and durability** of each product. Our accessories go through

**extensive stress and environmental testing**, in multiple use scenarios and

combinations of accessories, to **ensure complete functionality** of the phone with no

impact to RF performance. You can be assured of **happy customers...**

## ***QUALITY***

All of our accessories go through durability tests that are similar to those performed on our phones, ensuring that your accessory doesn't break from use. Coil cords are stretched thousands of times to insure durability. All power accessories are tested to insure no damage to the phone, the car, or your customer's battery.

## ***COMPATIBILITY***

You'll find that most Motorola audio accessories and power accessories are cross-compatible with each phone in a given platform. In this catalog you'll find 2 platforms of Motorola iDEN phones. Cross-compatibility within a platform means carrying fewer skus!

## CONFIDENCE

You can sell our accessories to your customers with the confidence that they won't be returning with a broken or failing accessory a few weeks after the sale! We stand behind the quality of our products and back them with our one-year limited warranty.

**QUALITY • COMPATIBILITY • CONFIDENCE**

# Drive Safe, Call Smart

There's no question that when you're driving, it's easier with two hands on the steering wheel. Yet that's often easier said than done; without hands-free capability, you may find yourself uncomfortably resting your phone on your shoulder, or pressing buttons while trying to watch the traffic ahead. The good news is it's easier than ever to talk hands-free from your car. With these dependable Motorola Original™ accessories, you can enjoy clear, natural sounding conversation without having to juggle your phone or take your eyes off the road. Hands-free means hassle-free!

## Portable Hands-free Car Kit

Portable Hands-free Car Kit  
**NNTN4744**

Compatible with i205, i305,  
i530 and i730 phone models

### Portability from car to car!

**The Portable Hands-Free Car Kit provides premium hands-free audio and rapid battery charging in one portable unit that simply plugs into a cigarette lighter receptacle. Store it in your briefcase for out of town trips – for use in your rental car!**

- Premium quality, high volume audio allows for better conversations in high-noise environments.
- Retractable microphone allows for easy storage of the microphone and cable when not in use. Lapel/seatbelt clip design allows for clearer conversations due to the proximity of the driver.
- Solid blue light indicates phone is properly connected. Blue light flashes for incoming calls, providing a visible call alert when radio is in use and/or the phone ringer is turned down.
- Flexible, multi-angle design allows positioning of the speaker at the best possible angle for any vehicle's dashboard design.
- Easy installation! Simply plug into the cigarette lighter receptacle of any vehicle.
- MSRP is much lower than a Pro-Install Car Kit with no additional installation fee.

## Pro-Install Car Kit Cradle

Pro-Install Car Kit Cradle

**NNTN4999**

Compatible with i830 and i830 Boost phones  
(Additional phone specific cradles available.)

### Hands-free for professionals!

**Designed for those who require a more serious solution for their vehicles. First, determine the correct Pro-Install Base Kit for your handset platform. Next, select a phone specific Pro-Install Cradle. This modular system allows you to simply change out the cradle if you switch to a different phone within the platform. And talk about bells-and-whistles, check out these features:**

- External antenna<sup>2</sup> provides improved RF signal and supports a variety of mounting options. 5 Watt speaker provides exceptionally loud and clear audio.
- Directional visor microphone allows you to be heard even in noisy environments. Remote PTT Switch allows you to: send, end or switch between phone calls; initiate Voice Tags (voice recognition), or; PTT a designated contact or the last person in your Recent Calls menu.
- Ignition Sense feature automatically turns car kit on and off to prevent draining the vehicle's battery.
- Entertainment Mute feature automatically mutes car stereo during calls.
- Rugged cradles are designed to allow quick, smooth and single-handed handset insertion/removal.
- Full-duplex audio means you never have to wait to get a word in.

## Pro-Install Hands-free Car Kit Base\*

Pro-Install Hands-free Car Kit Base

**NNTN4846**

Compatible with i205, i305, i315, i325, i325 IS, i530, i605, i710, i730, i830 and i860 phone models

\* Typically requires professional installation

<sup>2</sup> External antenna must be purchased separately

**Because a copy is never as good as the Original™**

**QUALITY • COMPATIBILITY • CONFIDENCE**

# Motorola Advanced

Motorola also offers a wide array of advanced accessories that let the consumer get more out of their Motorola phone by offering advanced features and functions. They are carefully designed to provide the optimal ergonomics and style, while providing the consumer with the highest quality and ruggedized components. Go beyond the call with Motorola ADVANCED accessories!

## iTRAK

*With the iTRAK vehicle tracking device, drivers simply connect their Motorola iDEN® phones and go. An integrated Global Positioning System receiver and interface module continually reports each vehicle's location to a web site, where the entire fleet can be viewed on a color-coded map. At the same time, each iDEN phone remains fully capable of voice communication. Each iTRAK device can be easily moved from vehicle to vehicle, or permanently mounted if you prefer.*

*Data cable required but not included (NKN6544A).*

Fixed Mount  
**RLN5398**

Magnetic Mount  
**RLN5319**

## Optional Antennas

Permanent Range  
GPS Mount Antenna  
**RLN5397**

Magnetic Mount  
GPS Antenna  
**RLN5396**

Trunk Lip  
GPS Antenna  
**RLN5400**

Window/Suction Cup  
GPS Antenna  
**RLN5402**

## Mini Keyboards

*These fully featured QWERTY keyboard extend the already powerful functionality of your iDEN handset. They easily connect to the bottom of your phone and come with a soft holster pouch for quick access anytime it's needed. Do more than just talk with your phone!*

- A full QWERTY keyboard with additional international text character keys (French, Spanish and Portuguese) as well as operational phone keys (SEND, END, etc).
- Type text characters for Datebook and Phonebook entries as well as other phone applications that require text entry.
- Adjustable folding attachment link and body design to fit a large variety of applicable phone models.
- Easily interact with games and Java™ applications.
- Surf the internet.<sup>4</sup>

## Quick and easy text messaging!

Mini Keyboard  
i50sx, i55sr, i60c, i85s,  
i88s, i90cl, i95cl  
**NTN2040**

Mini Keyboard

Hot Stuff • Barbie Girl  
**NNTN5179** Compatible with the i90c, i95cl  
**NNTN5438A** Compatible with the i730, i205, i305

## How It Works

After a consumer purchases a software card that contains the software titles and a protected license code, they are instructed to obtain the unique license code from the back of the card (by scratch-off method). The consumer is then required to access the Internet and enter the URL shown above the license code.

The URL opens a web page, which prompts the consumer for the phone's IMEI and the license code. Once the provided information is validated, the application will walk the consumer through the download process.

The consumer then follows the instructions in the desktop installer to download and install the application on their phone. Please note that air time or carrier charges are not included.

Because a copy is never as good as the Original™

QUALITY • COMPATIBILITY • CONFIDENCE

# Motorola Approved

At Motorola, we work with key suppliers to go beyond traditional accessories and offer unique, vertical-oriented products for business applications. These "Motorola Approved" accessories are designed in cooperation with Motorola and are subject to the same quality and durability expectations you have for Motorola Original™ Accessories.

## PowerSwipe™

**Transform an iDEN® phone into a mobile transaction system.**

The rugged PowerSwipe™ device securely reads a credit card's magnetic stripe and securely transmits the information to the card processor. It works with wireless thermal printers to provide a complete mobile payment solution.

- Ideal for merchants on the move — retailers to home repair servicers, public transportation providers and delivery companies.
- Accept credit cards with less hassle, delay or risk.
- Perform transactions<sup>4</sup> in seconds, securely and cost-effectively with a Motorola iDEN® phone and the PowerSwipe™.

### PowerSwipe™ RLN5593

Accessory does not need to be removed to charge phone's battery.

Compatible with i50sx, i55sr, i85s and i88s phone models.

<sup>4</sup> Network and subscription dependent feature. Not available in all areas.

**Accept credit cards on the go with the PowerSwipe™ device.**

## PowerSwipe™ Printer

**Using infrared technology, this thermal printer allows mobile business merchants with the PowerSwipe to print a customer receipt almost anywhere (within your iDEN coverage area).**

**Includes four AA batteries.**

Citizen™ Wireless Printer  
**RLN5600**

Citizen™ Printer Nylon Carry Case  
**RLN5620**

Citizen™ Printer Paper (5 rolls)  
**RLN5621**

## PowerSwipe™ Cases

**Motorola offers a variety of carry cases to help you take your PowerSwipe unit almost anywhere.**

PowerSwipe Leather Carry Case  
**RLN5599**

PowerSwipe Nylon Pouch  
**RLN5603**

PowerSwipe Nylon Carry Case  
**RLN5604**

### Barcode Scanner NNTN4857

## Barcode Scanner

**Bring exceptional ease and convenience to field sales and service personnel with a Barcode Scanner.**

Users simply clip this handy wireless device onto a compatible Motorola iDEN® phone to enjoy fast, reliable barcode data capture. The infrared scanning port is located on the bottom for easy use.

- Ideal for freight service, parcel delivery, asset tracking, personal shopping and more.
- Attaches to iDEN® phones in place of the battery door.
- Scan by pressing the push-to-talk button.
- No separate power source needed; works off the iDEN® phone's battery power!

**The ultimate in accurate and reliable mobile scanning.**

Requires J2ME software sold separately through barcode application developers.

Accessory does not need to be removed to charge phone's battery.

(Compatible with i50sx, i55sr, i58sr, i85s and i88s phone models. Barcode Scanner battery not included. i58sr users must purchase High Performance Battery SNN5705 separately.)

## GPS ReRadiator

- Compatible with all iDEN GPS capable handsets. Provides constant, optimal GPS signal (up to 44 dBc).
- Since it does not require professional installation, it can be quickly transferred from on vehicle to another! Simply plug into a cigarette lighter, place magnetic mount antenna on the vehicle's roof, and position the ReRadiator adjacent to the phone. Includes specially designed mounting bracket to neatly secure the ReRadiator to the back of either a Pro-Install Car Kit Cradle or Universal Dashmount Holder.
- Unique pass-through cigarette lighter plug feature allows you to power an additional device from the same outlet.

### GPS ReRadiator NNTN5880

# Batteries/Battery Doors

**MOTOROLA ORIGINAL™ ACCESSORIES**

**Motorola batteries are designed to provide maximum capacity for talktime.** Every Motorola Original™ Battery featured in this catalog features Lithium Ion technology, the premier battery cell technology in the industry, featuring NO memory effect and maximum talktime per ounce. Our batteries are designed as a system with our chargers to ensure the batteries are charged safely and to optimum capacity with each charge cycle.

**Motorola batteries are screened through an extensive safety review to help ensure safe operation,** especially when used with non-Motorola chargers that can potentially pose a safety risk. Motorola batteries are designed to give proper fuel bar indication to the end user.

# Chargers

Because a copy is never as good as the Original™

QUALITY • COMPATIBILITY • CONFIDENCE

**Motorola chargers are designed to provide the most efficient charging of the corresponding Motorola batteries.** If used according to the manufacturers guidelines, the end user will be ensured the proper charging of their battery as well as ensuring optimum performance that will prolong the life of the battery. Motorola chargers are designed so as not to provide excessive voltage or current, which could lead to damage to the phone or battery, or cause a potential safety hazard.

**Motorola vehicular chargers are put through a battery of tests** that stress performance through various automotive electrical anomalies that can otherwise damage or disrupt performance.

## In Vehicle

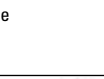

Motorola car kits are designed to provide premium audio performance in a vehicle environment. The charging aspects of the car kits are designed to the same performance characteristics as our chargers.

Motorola Professional Install Car Kits are designed to provide external RF through an antenna for best coverage, minimize the loss and therefore maximize sensitivity and range. Pro Install Car Kit cradles and Dash Mount holders are designed to hold phones securely when seated properly. Car kit cradles can withstand an impact force of 40g, and dash mount holders can withstand an impact force of 20g minimizing the likelihood of dislodging in the event of a collision. Phones with data connections can work simultaneously with car kits through Motorola designed y-cables or embedded data connectivity functionality.

Motorola vehicular battery chargers are put through a series of tests that stress performance through various automotive electrical anomalies that can otherwise damage or disrupt performance. This testing helps ensure optimum charging within different automobile conditions and environments.

# Software Data

Because a copy is never as good as the Original™

QUALITY • COMPATIBILITY • CONFIDENCE

Motorola offers a full line of data accessories, perfect for people who rely on data communication delivery 24/7. Our data accessories, such as cables, are tested with numerous communication applications and in numerous connection configurations (such as with a Y-cable) to ensure best functionality. Simple design allows for maximum portability and ease of use.

Motorola data accessories are designed to comply with FCC test standards for RF performance. This assures optimal product performance to ensure human exposure to radio frequency electromagnetic energy is within FCC standards.

# Carry Solutions

MOTOROLA ORIGINAL™ ACCESSORIES

Motorola Carry Accessories, such as holsters and carry cases, are designed concurrently with the physical designs of the phones. Therefore they provide optimum fit, optimum engagement and disengagement and therefore optimum usability.

Motorola carry accessories are designed to minimize wear of the phone products, and are designed to help protect the phone and remain intact when dropped.
